Shopping Cart Management

Accessing the Shopping Cart:

Manage the Cart: Once the cart is loaded, you can begin adding items to your cart by scanning the item barcodes.

Adding Items:

Scan Items: Use your device's camera to scan the barcode of each item you wish to add to your shopping cart.
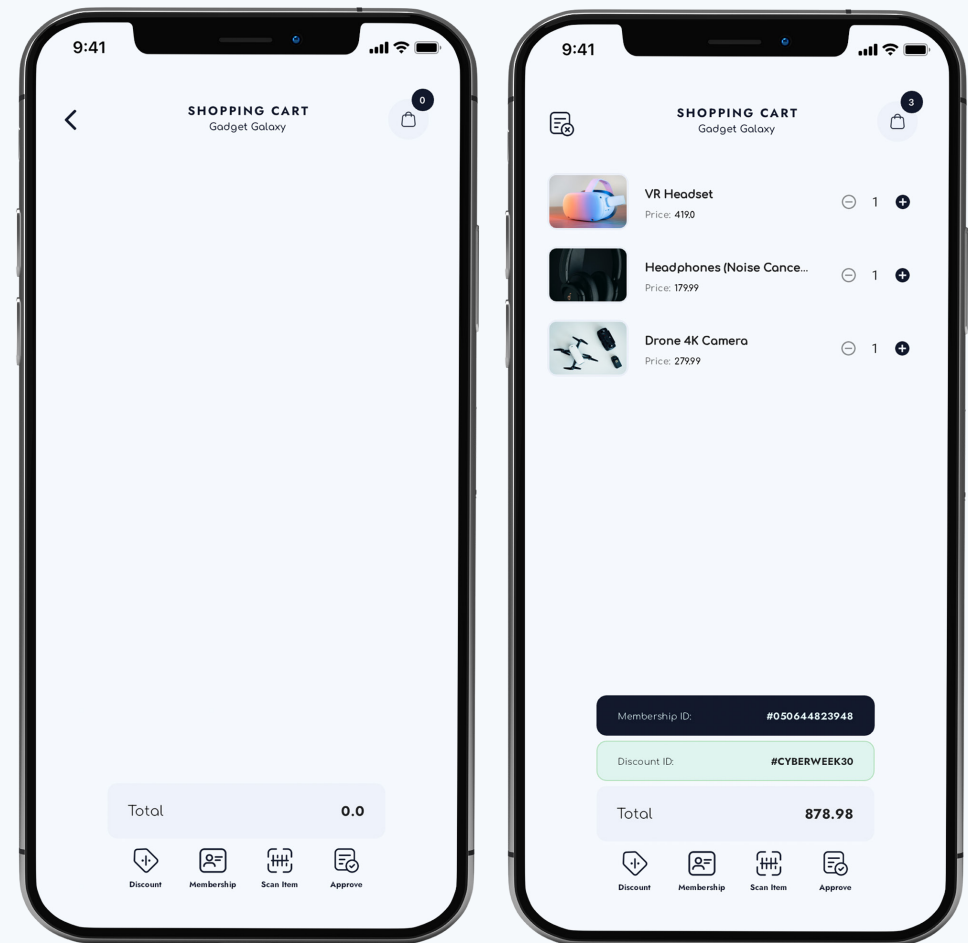

Adjusting Quantities:

Modify Quantities: Once items are in your cart, you can change their quantities as needed. For instance, increase the number of products or reduce quantities to zero (removing the item from the cart).

Managing Discounts and Memberships:

Apply Discounts: You can apply discount and membership cards to your shopping cart by scanning or manually entering their details.

Finalize Cart: Once satisfied with your selections, click **Approve** to finalize the shopping cart for checkout.

> **Note:** The QR code is not used for direct payment; it simply provides the store's point-of-sale (POS) system with the cart data for a quick and efficient checkout experience.
